

Public Events (Lifelong Learning)

The Women University of Azad Jammu and Kashmir actively hosts educational events at the university that are open to the general public to foster lifelong learning, skill development, and community engagement. These events cover a range of topics, giving people from different backgrounds the chance to learn new skills and knowledge:

1. Women Education and Empowerment

This event was a powerful platform for promoting women's education and empowerment. Various workshops, seminars, and interactive sessions inspired participants to build leadership skills, pursue higher education, and engage in community-based initiatives that support gender equality and empowerment. **(Annex. I)**

2. Breastfeeding Week

During World Breastfeeding Week, the university opened its doors to women from the general public, offering a series of educational sessions that highlighted the health benefits of breastfeeding for both mothers and infants. This event aimed to raise public awareness, providing support and information to help mothers make informed decisions about breastfeeding. **(Annex. II)**

3. Kitchen Gardening

This workshop empowered participants to cultivate their vegetables at home, promoting food security and sustainable practices. Attendees were taught soil preparation, seed selection, and maintenance of small-scale gardens, enhancing their self-sufficiency. **(Annex. III)**

4. Planting and Crafting

Combining environmental conservation with creativity, this event encouraged participants to engage in tree-planting activities and learn how to make eco-friendly crafts. The event aimed to foster a sense of responsibility toward nature while promoting innovative and artistic expression. **(Annex. IV)**

5. Sericulture

This educational session introduced the basics of silk farming and offered attendees insight into the potential economic benefits of cultivating silkworms. Participants were provided with practical demonstrations and information on the silk production process, making this an informative event for those interested in agricultural entrepreneurship. **(Annex. V)**

6. Water Resources

This event focused on the critical topic of water conservation and covered sustainable water management techniques. Participants gained an understanding of water conservation strategies, pollution control, and the importance of protecting local water bodies, equipping them with valuable tools to contribute to water sustainability in their communities. **(Annex. VI)**

Each event reflects the university's commitment to community development and lifelong learning, offering diverse opportunities for public engagement and education.
