

Environmental education collaboration with NGOs

The Women University of Azad Jammu and Kashmir (WUAJ&K) actively collaborates with NGOs to address climate change through various impactful community activities.

Collaboration with Environmental Change Makers Organization

The **Environmental Change Makers (ECM)** is a non-governmental organization (NGO) based in Islamabad, Pakistan, that promotes environmental sustainability and awareness. On 01.03.2023, the WUAJ&K and the ECM signed a Memorandum of Understanding (MoU) focusing on research, education, advocacy, and practical climate change and sustainability solutions. **(Annex. I)**

The objectives of collaboration were:

- a. To enhance research and academic programs related to climate change, sustainability, and environmental protection.
- b) To promote climate action initiatives and awareness programs within the university and the local community.
- c) To jointly develop projects and policies to reduce carbon emissions, improve resource efficiency, and promote renewable energy.
- d) To foster collaboration between students, faculty, and professionals from both organizations on climate-related issues.
- e) To participate in conferences, seminars, and workshops on climate action and sustainable development.

Collaboration with the National Cleaner Production Center

The **National Cleaner Production Centre (NCPC)** has established a promising collaboration with the WUAJ&K, aiming to contribute towards achieving the Sustainable Development Goals (SDGs), with a particular focus on environmental sustainability with the following Key areas of collaboration: **(Annex. II)**

- a) Data Sharing and Analysis

To enhance the understanding of local environmental challenges and provide data-driven insights for sustainable development efforts.

b) Joint Activities

To collaborate on activities that promote environmental awareness and sustainability within the university and the broader community.

c) Capacity Building

To strengthen the capacity of students and faculty in environmental sustainability and SDG reporting.

Subject: Collaboration between National Cleaner Production Center and Women University of AJK

Dear Dr. Gardazi,

We are pleased to acknowledge your request for collaboration on the environmental initiatives and submission of data related to the Sustainable Development Goals (SDGs). The National Cleaner Production Center (NCPC) is enthusiastic about supporting the Women University of AJK in this important effort.

To support this collaboration, we propose the following key areas:

1. **Data Sharing and Analysis:** NCPC will provide necessary data and assistance to ensure accurate SDG reporting.
2. **Joint Activities:** We will participate in joint initiatives to enhance SDG understanding and implementation.
3. **Capacity Building:** NCPC will offer training and resources to strengthen your team's ability to manage and report SDG data effectively.

We are look forward to discuss the details of this collaboration. Kindly suggest a suitable time for a meeting to further explore this partnership.

Thank you for opening this important cooperation. We are excited about the positive impact we can accomplish mutually.

Best regards,

M. Irshad Ramay
Coordinator
