

Student food insecurity and hunger

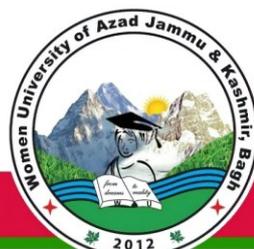

The Women University of Azad Jammu and Kashmir (WUAJ&K), Bagh, recognizing the importance of adequate nutrition in academic performance and student well-being, has implemented a comprehensive **Campus Food Security and Hunger Prevention Policy**. This policy ensures that no student faces food insecurity or hunger during their academic journey. A copy of this policy is attached as [Annex I](#) for reference.

Under this policy, the university provides nutritious and hygienic meals at highly subsidized rates in its cafeteria and hostel mess to make food accessible to all students. The Hostel Warden and Cafeteria Committee conducts regular food quality inspections to ensure that students receive safe and wholesome meals.

Furthermore, need-based scholarships and financial assistance programs are available to support economically challenged students, enabling them to meet their food and living expenses without interruption to their studies ([Annex II](#)).

The university also organizes awareness campaigns on nutrition, responsible food consumption, and food waste minimization to promote healthy and sustainable eating habits among students ([Annex III](#)).

Through these comprehensive measures, WUAJ&K demonstrates a strong institutional commitment to eradicating food insecurity and hunger within the student community, ensuring equality, inclusivity, and overall well-being on campus.
