

Public Events (Lifelong Learning)

The Women University of Azad Jammu and Kashmir regularly organizes educational events that are open to the general public, with a specific focus on engaging women from the community as well as students. These initiatives are designed to promote lifelong learning, enhance skills among females from the community, and strengthen community participation. In 2024, several events were organized, as described below:

Technology Conference on Digital AJK and SDGs

As part of our commitment to lifelong learning and community engagement, a Technology Conference on Digital AJK and Sustainable Development Goals (SDGs) was organized in November 2024. This event involves experts, students, and community members to explore how digital transformation can drive social and economic development in Azad Jammu and Kashmir, in alignment with global sustainability. Women's Day Celebration – Recognizing the Achievements of Women

The university celebrated International Women's Day to honor the achievements of women in various fields. The aim of this event was lifelong learning by inspiring participants with real-life success stories and motivating women in the community to pursue leadership, education, and personal growth. [\(Annex. II\)](#)

Role of Women in Society: Promoting Empowerment, Leadership, and Inclusive Opportunities

The purpose of this event was to highlight the vital role of women in shaping a progressive society. With a comprehensive discussion on empowerment, leadership, and inclusivity, it provided a platform for women to learn, share experiences, and strengthen their contributions to social and economic development. [\(Annex. III\)](#)

Health, Nutrition, and Food Security

A seminar was organized on balanced nutrition and sustainable food practices to empower participants with practical knowledge to improve community health. It emphasized the importance of adopting lifelong healthy habits and addressing food security challenges. [\(Annex. IV\)](#)

Cancer Awareness

The university organized an awareness seminar on cancer prevention, early detection, and treatment, designed to educate students and community members. ([Annex. V](#))

Child Mortality

The child mortality seminar was organized with a focus on reducing child mortality by educating participants on preventive healthcare measures and child wellness practices. It highlighted the importance of community awareness and proactive actions to safeguard children's health. ([Annex. VI](#))

Safe Drinking Water

To raise awareness about safe drinking water and sanitation, this event was organized to provide practical guidance on maintaining clean water sources. It promoted lifelong learning by linking health education with community responsibility. ([Annex. VII](#))

Role of Educational Institutions Against Cyber Crimes

The aim of this seminar was to highlight how educational institutions can play a central role against cyber crime through awareness and training. This seminar trained participants, specifically young women, to adopt safe digital practices and engage responsibly in the online world. ([Annex. VIII](#))
