

## **Educational Outreach Activities Beyond Campus**

In 2024, the Women University of Azad Jammu and Kashmir actively participated in educational outreach initiatives to share knowledge and expertise beyond its campus boundaries. This initiative aimed to strengthen community engagement, improve educational practices, and share practical skills with local institutions and the public.

### **Visit to Allied School System, Bagh – Training on Kitchen Gardening**

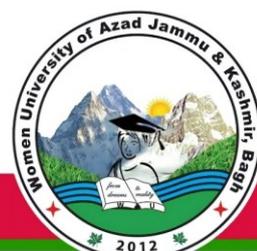

Dr. Samiullah Khan, Associate Professor of Botany, conducted a practical training session on kitchen gardening for students and teachers of the Allied School System, Bagh. This initiative promoted sustainable practices and encouraged students to adopt healthy and eco-friendly habits. [\(Annex. I\)](#)

### **Training for Elementary Teachers to Improve Quality Education**

Specialized training workshops were organized by Dr. Arshad Mehmood, Assistant Professor of English, for elementary school teachers, focusing on innovative teaching methodologies and effective classroom management. The activity enhanced teaching capacity and contributed to improving the quality of education at the grassroots level. [\(Annex. II\)](#)

### **Participation of Faculty Members in Agriculture Shows**

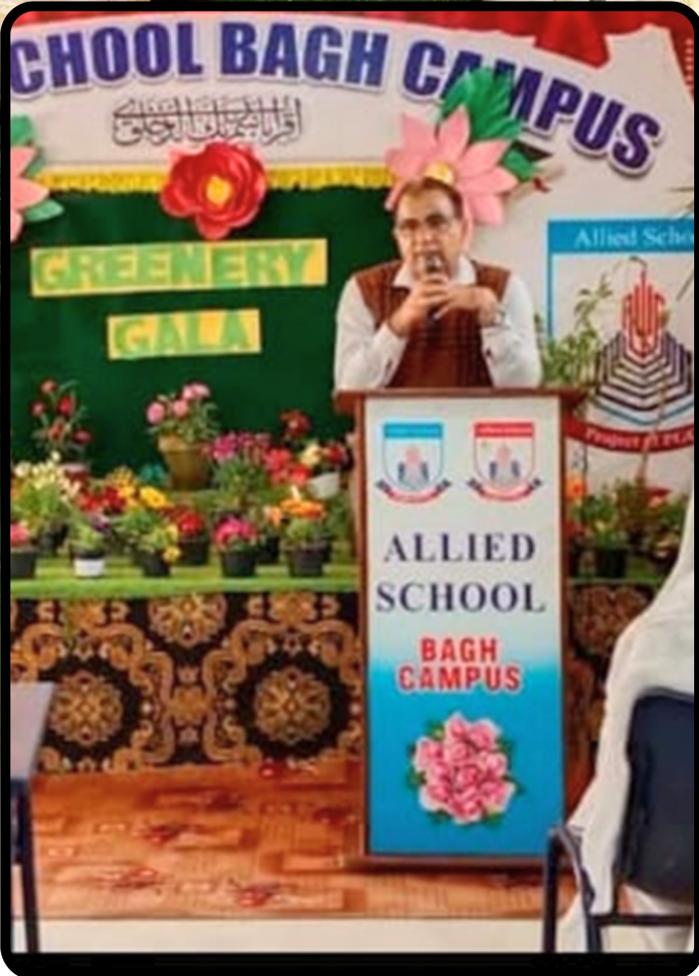

Several faculty members and administrative staff of the University actively participated in regional agriculture shows, delivering lectures and demonstrations to farmers and the community. This activity aims to disseminate modern agricultural practices and raise awareness about sustainable farming techniques. [\(Annex. III\)](#)
